### BID SPECIFICATIONS

Item no. MCATS \_\_\_\_\_  
Provide \_\_\_\_\_ ( ) Air-Thru Open Front Milk Cooler(s), Kool Star model no. MCATS \_\_\_\_\_.

Milk cooler to be constructed of stainless steel on interior and exterior of doors and remaining cabinet. Remaining cabinet will also be available in optional white painted steel. Cooler will be insulated with foamed-in-place polyurethane and will be equipped with four swivel casters,

two of which will be locking. Epoxy-coated heavy-duty floor racks will also be standard as will an NSF-listed drain and thermometer.

Door to be insulated and will have gaskets and chrome-plated hinges. In addition, doors will fold back and lock to safely stay open during use and will feature key locks.

The refrigeration system will feature an exclusive air-thru, self-contained design and will have a condensate evaporator. The system will be a modular type flush mount-

ed on side of cooler with all components outside the milk storage compartment. The refrigerant will be R-134a and the operating temperature will be 38°F (3°C).

Cooler to have standard limited one year compressor, 18 month labor and one year limited parts warranty.

Cooler to be UL and C-UL listed, UL EPH classified as well as Energy Star and California Energy Code certified.

NOTE: Cabinet designed for optimum performance in air-conditioned area at 75°F ambient and 55% relative humidity. All specifications subject to change without notice.
